THE DISCIPLINE:

The Department of Psychology offers a program designed to (1) increase the understanding of human behavior, (2) develop skills for applying such understanding, and (3) expand the frontiers of knowledge through student-faculty research and other scholarly activity.

RESEARCH OPPORTUNITIES:

Contact the Psychology Department for this information.

HONORARY SOCIETIES AND CLUBS:

BYU sponsors a chapter of Psi Chi the National Honors Society in psychology and Psychology Association.

INTERNSHIPS:

Academic internships are available and encouraged. Academic credit is arranged through Psych 399R and Psych 496R.

MINORS:

A minor is not required, but students may select a minor or a combination of courses in other departments depending on their educational and professional objectives. The same courses cannot count for both the psychology major and a minor in another department. For students who will go no farther than a bachelor's degree, it is recommended that they broaden their employment opportunities by taking courses in areas of their professional interests.

CAREERS:

Psychologists engage in a variety of academic roles including teaching, research, and administration. They also provide counseling, clinical, and consulting services to individuals and organizations. They are employed in colleges and universities; public and private schools; clinics, hospitals, and private practice; business and industry; and government and private agencies. The study of psychology has particular value for family life and other cultural and civic responsibilities. It also complements other specializations concerned with human behavior, including the practice of law.

BS in Psychology (735420)

2022-2023

Most professional positions in psychology require advanced degrees, generally the doctorate, though the bachelor's degree may provide employment in such areas as high school teaching, mental health care, detention and probation services, auxiliary social work, and personnel and human resources. The psychology major is a popular preliminary to graduate study in the professions of business, law, and medicine.

For more information on careers in your major, please contact the University Career Center or the Academic Advisement Center.

MAP DISCLAIMER

While every reasonable effort is made to ensure accuracy, there are some student populations that could have exceptions to listed requirements. Please refer to the university catalog and your college advisement center/department for complete guidelines.
