Family, Home, and Social Sciences » Psychology

Programs

- General Studies BGS Psychology (BGS)
- Psychology BS
- Clinical Psychology PHD
- Psychology PHD

COLLEGE OF FAMILY, HOME, & SOCIAL SCIENCES

Psychology Department

Psychology is a traditional discipline in the liberal arts and sciences and is rooted in the Western intellectual tradition. Since its founding in the late nineteenth century, psychology has distinguished itself primarily as a science with a wide scope of interests in understanding behavior. Many psychologists also provide treatment for a broad range of disorders, and others work to solve pressing social issues. The diverse world community of academic and professional psychologists is devoted to expanding our understanding of individual and collective behavior and applying that understanding toward improving the human condition.

2. Then, look up the class you have been assigned to teach and based on the learning outcomes, you can plan your teaching.
