

# Phone Directory

Once a year, we send out an email for updating the BYU telephone directory. After the directory is made, we order the hard copies for those that request them. However, if you want to access the online version or order another one later, go to the website below.

1. [https://it.byu.edu/byu/sc\\_help.do?sysparm\\_document\\_key=kb\\_knowledge\\_b0ddae630a0a3c0e03fd772bd24afe3d](https://it.byu.edu/byu/sc_help.do?sysparm_document_key=kb_knowledge_b0ddae630a0a3c0e03fd772bd24afe3d)

The website will look like the screenshot below. To access the online directory, the pdf version, or to order a new one, click on "Access this Service".

## Campus Directory

☆☆☆☆ (0)  
Intended Audience: Public

The Campus Department Directory provides university directory information for departments, services, and employees. This service also allows departments to purchase and manage listings in commercial telephone directories.

The online Campus Directory database is automatically updated with information from Personal Information in myBYU, as well as PeopleSoft. When employees update their information, or a person is hired or terminated, the database is directly updated as well. Employees should keep their work contact information current.

This directory is for the official use of university personnel only. Unauthorized use by non-university personnel is prohibited.

### Options

**Faculty/Staff Directory (online)**  
The BYU Online Directory gives users the ability to look up the work address and work phone number for BYU faculty and staff. There is a secure view available to authenticated users as well as a public view.

**Department Directory (online)**  
A listing of campus departments along with certain positions and the persons who fill those positions is available from the BYU Homepage (About / Directories).

**Department Directory (printed)**  
Users can buy a printed copy of the directory which contains department contact information along with select employees within those departments. This is updated in August at the beginning of each school year.

**Campus Operator Services**  
Users may call or text the Campus Operators for updated directory information.
